

# Photo Shot List Ideas

**Purpose:** Make sure you get the photos you do want and avoid the photos you don't want.

**Directions:**

1. Add notes to **Random Shot Ideas** over the wedding planning process as you think of ideas or come across photos that you do or don't like.
  1. Send your list of **Random Shot Ideas** to your photographer before you hire them to see if it's on par with their style.
  2. Send your list of **Random Shot Ideas** the week before your wedding so your photographer is caught up and nothing is forgotten for the wedding day.
